Now looking for a better prospectus and as an opportunity to provide a VALUE ADDED SERVICE to the organization. I have furnished the following details about my career as well as myself for your perusal.

KEY SKILLS

- Communication • Product management • Fabrics Management • TNA Management
- Sample Planning • Trims Sourcing • Production Management • Handling Embellishments • Cost Management

PROFESSIONAL EXPERIENCE

Merchandiser

Nov '21 – Present

Impulse India Private Limited, Tiruppur

Tiruppur, Tamil Nadu, India

A leading knitwear buying house

Planning & Merchandising

- Working with the factories to execute orders placed.
- Regular updates to the customer about the orders placed so that to keep customer updated.
- Pre-Production approvals, sampling etc.,
- Tracking on with the TNA provided by the factory, to set free flowing process so that to meet quality prospective to the customer.

Executive Product Developer

Aug '19 – Oct '21

Best Corporation Private Limited, Tiruppur

Tiruppur, Tamil Nadu, India

A leading knitwear producing private sector

Costing & Initial Sample Making

- While receiving the Tech-packs from buyer, will be reviewing with the teammates and make sure that they are production feasible and styles that we've been practiced before. If not will go for a mock up and make sure that the factory is ready to produce such garment.
- Working on costing with the targets provided, and sending back the cost derived.
- Negotiating with the buyer for a better cost and will also make sure the orders are been placed Doing
- Initial samples with the sketch provided by the customer.

Pre-production & Production Management

- Getting approvals for bulk proceedings from the customer (Lab-dips, Yarn-Skeins, YD lay-outs, AOP Scale & Colour approvals, Graphic approvals, etc.,)
- Planning TNA (Time & Action Plan) that to ensure every process is done on time without any delay for completing the orders as agreed date with the customer.
